Report of placement cell

Chopda Education Society's College of Education organized an Interview Guidance Programme through its Placement Cell for its II Year B.Ed student teachers on February 14th, 2023. The aim of this programme was to provide students with the necessary skills and knowledge required to perform well in interviews. The programme was conducted by Mr.Tushar Lohar, an alumnus of the institution who currently works as a Graduate Teacher of Pratap Vidya Mandir at a Government High School in Chopda.

During the programme, he shared his personal experiences and provided practical guidance on various aspects of the interview process. The topics covered included resume writing, body language, communication skills, and how to handle difficult interview questions. He emphasized the importance of presenting oneself effectively and professionally during the interview process, highlighting the need to be confident and articulate. The resource person also stressed the significance of researching the organization and its values before attending the interview. This would help the candidates to tailor their responses and demonstrate their suitability for the position.

Overall, the Interview Guidance Programme organized by the Placement Cell was a valuable initiative for the II Year B.Ed student teachers. It provided them with an opportunity to learn from an experienced professional and gain practical insights into the interview process. The programme is expected to enhance their employability skills and enable them to secure desirable positions in the education sector.

On February 15th, 2023, an on-campus placement drive was conducted at the College of Education for the II Year B.Ed student teachers. Pratap Vidya Mandir English Medium School Chopda organized interview for the school. The students participated in the placement drive. The drive aimed to provide students with an opportunity to secure employment and enhance their employability skills.

The placement drive began with a brief introduction about Educational Institutions and the job profiles on offer. The participating students were then given a brief overview of the company and the job requirements. The job profiles offered were for teaching positions in various subjects, including Mathematics, Science, and Social Science.

After the initial introduction, the interested candidates were shortlisted based on their academic records, communication skills, and overall performance in the selection process. The selection process included a written test and a personal interview. Eight student teachers were provisionally selected for the available job positions. Their details are as follows:

Sr.No.	Name	Subject
1	Patil Jostna Ramesh	English
2	Lohar Gopal Dhanraj	Marathi
3	Mahajan Jayshri Prakash	Geography
4	Dhangar Gayatri Shivaji	Mathematics
5	Pathan Muskan Jivankhan	History
6	Ingale Revati Suresh	Geography
7	Sapkale Amol Gopichand	Chemistry
8	Rajput Punam Rahul	English

The placement drive provided a valuable opportunity for the II Year B.Ed student teachers to secure employment and gain practical experience in the education sector. It is expected to boost their confidence and enhance their employability skills. The college is committed to organizing such placement drives in the future to facilitate better career prospects for its students.

PRATAP VIDYA MANDIR EDUCATIONAL INSTITUTION CHOPDA

We feel happy to inform you the provisionally selected candidates of your Institution on the campus interview conducted on 15.02.2022 (Wednesday). They will be called for our campus within short. We whole heartedly thank for your Co-Operation and hospitality rendered by you on this day.

PROVISIONALLY SELECTED CANDIDATES

Conducted on-campus interview for the trainees. The selection was made on the basis of written test, performance in teaching and interview.

Placement Cell - WhatsApp group communication

Chopda Education Society's College of Education is a renowned institution that offers quality teacher training programs. The placement cell of the college is responsible for helping students secure employment opportunities in various schools and educational institutions. In this digital age, the placement cell has taken a step forward by creating a WhatsApp group to disseminate placement notifications to on-going students and alumni members. This report aims to discuss the benefits of the WhatsApp group and how it can be effectively utilized by the placement cell.

Benefits of the WhatsApp Group for Placement Notifications:

Quick and Easy Dissemination of Information:

With the majority of students and alumni members using WhatsApp, a WhatsApp group for placement notifications provides an effective and efficient way to share information about job opportunities. The placement cell can instantly notify students and alumni members about new job openings, interview schedules, and other important updates.

Enhanced Communication:

The WhatsApp group facilitates better communication between the placement cell and students/alumni members. Students can clarify any doubts regarding job opportunities or placement procedures, and the placement cell can provide guidance and support as required.

Increased Reach:

By creating a WhatsApp group for placement notifications, the placement cell can increase its reach to a larger audience. Not only can they inform the current batch of students, but they can also inform alumni members who may be interested in new job opportunities.

Personalized Attention:

The WhatsApp group enables the placement cell to provide personalized attention to each student. They can interact with students individually and offer guidance and support as required.

Effective Utilization of the WhatsApp Group:

Regular Updates: The placement cell must ensure that the WhatsApp group is regularly updated with the latest job openings, interview schedules, and other important updates.

Professional Conduct:

The WhatsApp group should be used for professional purposes only. The placement cell should ensure that all members of the group maintain decorum and professionalism while using the group.

Privacy:

The placement cell must ensure that the privacy of the students and alumni members is maintained. They should refrain from sharing any personal information on the group and take necessary measures to secure the group.

The creation of a WhatsApp group for placement notifications is a commendable initiative by the Chopda Education Society's College of Education's placement cell. The WhatsApp group can help in quick and easy dissemination of information, enhance communication, increase reach, and provide personalized attention to each student. The placement cell must utilize the group effectively to ensure that the students and alumni members receive the necessary guidance and support to secure their dream jobs.

The placement cell of Chopda Education Society's College of Education has created a WhatsApp group for students and alumni members who are preparing for competitive/eligibility exams. The group aims to provide a platform for students to interact with each other, share study materials, ask doubts, and receive updates on exam notifications, schedules, and results. The placement cell hopes that this initiative will help students and alumni members to prepare better and increase their chances of success in competitive exams. The group is expected to enhance communication and offer personalized attention to students, making the exam preparation process more efficient and effective. The placement cell will monitor the group to ensure that it is used for professional purposes only and that the privacy of the members is maintained.
